Education

•National Institute Of Technology, Agartala *2024-2028*
Btech in Computer Science and Engineering CGPA : 9.04

•R.P.S Public School *2022-2023*
Central Board of Secondary Education, Haryana Percentage: 85.8

•R.P.S Public School *2020-2021*
Central Board of Secondary Education, Haryana Percentage: 90.6

Experience

•DCC Club - Developers & Coders Club *2025-Present*
Core member

- Developed strong command over algorithm design including Arrays, Divide & Conquer, Strings, Backtracking, Linked List, Stack and Queues, Tree and Graph algorithms.
- Enhanced debugging, edge-case handling, and performance optimization skills through consistent hands-on coding practice.

Personal Projects

•Smart Interview Platform
Scalable interview platform streamlining scheduling, feedback, and real-time performance tracking.

- Developed a scalable full-stack interview platform with multi-role access and JWT authentication.
- Implemented dynamic slot booking, automated feedback, and efficient database operations using Prisma.
- Built an admin dashboard with real-time analytics, interactive UI (Tailwind CSS), and optimized APIs for low-latency performance.

•Crowd-Source Civic Issue Reporting System
A online system enabling citizens to log and monitor local issues with geo-tagging support.

- Tools & technologies used: Figma, Canva, HTML, CSS, Bootstrap, Responsive Design, Icon Design.
- Improved user navigation and visual clarity, enabling users to submit civic issues easily with minimal steps.

Technical Skills and Interests

Programming Languages: C, C++, Python.
Data Structures & Algorithms: Arrays, Strings, Backtracking, Linked List, Stack and Queues, Trees and Graphs.
Libraries & Tools: NumPy, Pandas, Git, GitHub.
Core Concepts: Object-Oriented Programming (OOPs), Problem Solving.
Coursework: Data Structures & Algorithms.
Areas of Interest: Web Development, Artificial Intelligence and Machine Learning.

Achievements

•Secured AIR 26147 among 1.6 million students nationwide in JEE MAIN 2024.

•Solved 650+ DSA problems on GeeksforGeeks and LeetCode with performance optimization.

•Developed CIVIX by participating in Smart India Hackathon 2025.

•Core Member, DCC Club Chosen as core member from 20+ candidates through competitive test.

Positions of Responsibility

•Core Tech Member: DCC Club, Competetive Programming. *2025-present*
